## Change of management in Bisnode Norway

**Geir Feltstykket, Regional Director Norway, has resigned. Håkon Birkelund, Managing Director for the subsidiary Dun & Bradstreet Norway will take over as Acting Regional Director until a permanent replacement has been appointed. The search for a replacement will begin immediately.**

“Over the past 14 years Geir Feltstykket has made significant contributions to the Bisnode Group and led businesses mainly in the direct marketing area. He was recently appointed as Regional Director for Norway, where Bisnode has a strong offering and a leading market position. As the Norwegian market is facing many challenges, we now need a stronger focus on profitability”, says Johan Wall, CEO of Bisnode.

Håkon Birkelund has been Managing Director of Dun & Bradstreet Norway since 2003.
